REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record, including 4,920,351, does not show, teach or fairly suggest a waveguide diplexing and filtering device and method therefor comprising an enclosure, common channel and port and receiving a microwave signal having at least two different frequencies of upper and lower frequencies and the lower frequency including two polarities, side channel and side port in the enclosure for cutting off the lower frequency and allowing the upper frequency to propagate, a main channel terminating at a main port formed in the enclosure, at least one waveguide iris element mounted in the main channel for filtering the higher frequency and allowing the lower frequency to pass through the iris and propagating along the main channel and main port, all arranged as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael C. Wimer whose telephone number is (571) 272-1833. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Minsun O. Harvey can be reached on (571) 272-1835. The fax phone
